HORRIBLE DEATH.

Aunt Nancy Wilson Struck by C. O. Train No. 2 Saturday Afternoon.

The Engine of the train blew his warning whistle for the crossing and did not see any one at the time, but when within a short distance of the crossing was horrified to see the old lady step directly in front of the train.

She had two caroteles and a parasol in her hands when the engine hit her.

Almost every bone in her body was broken. She resided in Wilson's Bottoms and was a widow, her husband having died several years ago.

Mrs. Wilson was an aunt of Mr. W. E. McGehee of this city.

The Rev. A. C. Brumley, George E. Rapp and W. E. F. Chatham were received into full connection, and the Bishop's address to the church was a super one. He told them he dedicated them to hard work, short pay and many hardships, and the scene was the most affecting the oldest members of the Conference ever witnessed on a similar occasion.

The appointments will be announced today. The Best-Grinstead matter was all talk, but the Rev. Grinstead, it is said, has asked that he be removed from Millersburg station.

Only by the interference of cooler heads was C. C. Fisher of the Millersburg Female College saved from violence in that Sunday evening for his stand in the Best-Grinstead affair.

All in all, this has thus far been a sensational Conference meeting.

HAS SECURED COUNSEL.

The Rev. John Reeves May Take His Case to Court for vindication.

LEOMINSTER, KY., September 2d.

Fourteen Preachers, composing the Jury before which the Rev. John Reeves is being tried at Carlisle, visited the place today and remained in session several hours, missing their dinner. Everything was done in secret, however, and nothing was said to the public concerning what took place. One or two leading attorneys here have been employed by the Rev. Reeves, and unless the charges against him are fully substantiated a big law suit is expected. The misconduct with which he is charged is alleged to have occurred here and involves a woman whose name has never yet been made public, but which will inevitably follow if the case gets into court. R. T. Marshall, who made the charges, is a wealthy and prominent farmer of Fleming county and an active Church worker. Mr. Reeves lived here for some years and was always considered one of the brightest and best Ministers in the Church.

RADICAL PLATFORM.

The Republicans of Kentucky, in convention assembled, made the following declaration concerning the principles of their party:

First—We affirm that the existing Election Law in Kentucky, enacted by a Democratic Governor, is unconstitutional, and that our Republican Governor, who is virtually past, and the Legislature, which has just elected, hostile to the principles of free government, removes salient features of the law, and has usurped the right of suffrage, denies to our Courts the protection of the Constitution, and that the administration of fraud at elections, to deprive people chosen by or accountable to the people for their acts and impulses of power. We therefore set forth as the supreme issue before the people of Kentucky, the adoption of a new election law, and the Republican party pledges itself to work for its adoption.

Second—We most heartily approve the Administration of Governor W. O. Bradley. As a man of great ability, he has shown a bold and resolute spirit in his administration.

Third—We congratulate the Republicans of Kentucky on their success in electing a Radical majority in the Upper House of Congress. We cordially approve the Radical platform, and the action of the Radical members from Kentucky.

Fourth—We pledge the Republican party of Kentucky to the enforcement of all laws as they now stand, and to prevent, treatise, and punish combinations or other organizations from combining to defeat the policies of any party, or to enhance the cost of any article of production or redress any wrongs of labor.

NEWSY NOTES FROM NATURE'S
GREAT HIGHWAY.

Captain W. F. Rose, better known as "Smoky," who did such excellent work as Captain of the City of Louisville, is now engaged in the construction of the Louisville and Cincinnati Canal, they were unable to hold it and they were extravagant in fuel. Captain John M. Phillips is now taking bids for two more boats. He will place five two-boats on board, and this will give the boat plenty of steam.

At present there are over 16,000,000 bushels of loaded coal in the pools and harbor awaiting shipment. It is estimated that about 320 coalboats and 360 barges are in use. The low stage of water that has prevailed in the Ohio river since May has so far cost the coal operators \$100,000.00 extra. The coalmen who value official honesty and integrity are invited to join us in the re-establishment of our Commonwealth.

THE BUYERS' GUIDE.

"The Truth is Ever Believed From One Who Has Never Deceived!"

Last week this space promised you important information. Here it is on schedule time. Owing to the rapid inroads made upon American forests in the last year good timber for manufacturing purposes is becoming scarce and correspondingly high. Quarter sawed oak has advanced 50 per cent. in the last 60 days. Finished iron and steel has advanced 90 per cent. in the last 90 days. Vanish, glue and furniture hardware, like cattle, have all had an unheard of advance. Everything entering into the construction of furniture and machines has had a severe advance. In self protection the manufacturer had to advance the finished products. Chairs and Bedroom Suites have advanced 30 per cent. Furniture and Spring and Cot sets 50 per cent. Farm Wagons 12-15 per cent. Machines and Farm Implements 30 per cent. and Plows 10 per cent. in the last three months. On the night of the 13th day of April, after having eaten a very hearty supper composed of

Cold Ham, Pickles and Lobster Salad!

THE PRICE FIGHTER HAD A DREAM—

A Horrible Nightmare.

I dreamed that I visited furniture factories without number, endeavoring to buy furniture and at prices then prevailing, and in every case was met with this statement: "Mr. Winter, owing to the severe advance in materials we have been compelled to advance our entire line 20 per cent." turning my attention to machines and farm implements I met the same result only worse. It was a horrible dream. I awoke and calmly thought the matter over and determined

NOT TO BE A LOBSTER.

GRAND ARMY MEN

The Thirty-third Annual Encampment Opens in the Quaker City Monday.

VETS MET WITH CORDIAL GREETING.

Adm. Sampson, With His Fleet of Fighting Vessels, Arrived Sunday and Will Take Part.

The Avenue of Fame, Which Extends for Five Blocks, Is the Most Magnificent Piece of Decoration Ever Assembled in Philadelphia.

PHILADELPHIA, Sept. 4.—The thirty-third annual encampment of the Grand Army of the Republic began Monday. The vanguard of the veterans has reached this city and found the people with outstretched hands. Never again, perhaps, will Philadelphia be the scene of a national encampment of the G. A. R. Of the valiant men who defended the cause of the union there remain but a score or two, and with the exception of the ranks the welcome is the more heartfelt and enthusiastic.

Adm. Sampson, with his fleet of fighting ships, arrived here Sunday, and this event marks the beginning of the week's celebration.

The city is crowded with strangers, while the incoming trains from all sections are bringing thousands upon thousands of visitors to the city. In anticipation of the coming of the host of visitors and in recognition of the patriotism of the veterans who freely offered their lives in defense of the union Mayor Ashbridge issued a proclamation in which he recommended the events to the "loyal and patriotic" interest of the people, urging the decoration of stores and dwellings in every street in the city. The city has borne its share of the work and the citizens of Philadelphia by contributions of cash and in welcoming banquets have shown their interest in the reunion.

The route of the veterans' parade, which takes place on Tuesday, is an solid blaze of color and light. Not building but has its front incased in the red, white and blue. The avenue of fame, which extends from Walnut to Cherry street, on Broad, a distance of five blocks, with the city hall as the center, is the most magnificent piece of decoration ever seen in this city. There are two classes of columns. The larger and more ornate are about 50 feet in height and are placed at the street corners. The smaller columns, about 25 feet high stand on each side of Broad street between the larger columns. The corner pillars are massive, but graceful, and at the base of each are, alternately, in heroic size, two soldiers and two sailors. Numerous garlands of flowers decorate the piles from the base to the golden eagles at the top. The columns are connected by festoons of bunting and laurel, and strings of incandescent lamps give a brilliant effect at night.

The north and south fronts of the city hall will be illuminated with massive electric light pieces 30 feet in length, representing the G. A. R. badge. Rows of incandescent lights extend from the top of Penn's statue 55 feet above the street level, to the roof and around the structure, giving the effect of an immense column of brilliant light.

Camp Sexton, near Belmont in Fairmount park, contains 1,600 tents. It is intended to accommodate those posts of the grand army which prefer to camp out rather than be quartered in halls, armories or private houses. The tents will shelter 10,000 veterans.

The grand army is divided to be twelve divisions. Post No. 1 from Roxford, Ill., the oldest post in the grand army, will head the line. As the veterans pass around the City Hall they will be reviewed by President McKinley, who is expected to arrive here Monday night, accompanied by Secretaries Root and Gage and Postmaster General Smith. There will be over 12,000 veterans. A feature of Tuesday's events will be the arrival of school children, who will occupy a portion of the grand stand on the north side of the city hall. As the parade passes this point the children will sing patriotic airs.

A question of absorbing interest to G. A. R. veterans which will be decided during the encampment is the election of a commander-in-chief and other officers. Prof. George P. Putnam, president of Hebrew and Old Testament professor at Free Church college, Glasgow, Scotland, has been called to the pastorate of the Second Presbyterian church of Chicago. It is said that he has been offered \$10,000 a year.

GLOOMY PICTURE.

Business in Johannesburg is Paralyzed and Prices of Bread-stuffs Rapidly Rising.

ONE-HALF THE HOUSES ARE EMPTY.

Another Fortnight of Terrible Suspense Likely to Result in a Complete Commercial Collapse.

Bankruptcy and Starvation Is Starting the People in the Face—Transvaal Government Will No Doubt Reject Chamberlain's Last Proposal.

LONDON, Sept. 4.—The Johannesburg correspondent of the Daily Mail, who paints a gloomy and pitiable picture of the condition of things there:

"It is almost a case of absolute desolation and pauperism. Business is paralyzed, the price of foodstuffs is rapidly rising, half the houses are empty and the others are tenanted by people who do not pay rent, the landlords being glad enough to have them as occupants in order to insure some sort of protection to the property."

"The tension has reached the snapping point. Bankruptcy and starvation are staring the people in the face. Another fortnight of suspense will result in a complete commercial collapse."

"The people are through with people anxious to withdraw their gold, and the railways are besieged by those who wish to get away."

The Cape Town correspondent of the Daily Mail says: "The Transvaal authorities are forwarding huge quantities of Mauser ammunition from Pretoria to Bloemfontein. On Friday 1,500,000 rounds arrived at the Orange Free State capital."

All the British dispatches to the London evening papers from South Africa indicate that the correspondents have got the impression that the reply of the Transvaal government to Mr. Chamberlain's latest note will be an impudent rejection of the suggested conference at Cape Town and a threat to withdraw the five year franchise.

The correspondent of the Times at Nairobi, Natal, confirms the belief of its Johannesburg correspondent, Mr. Moneypeppen, that aggressive action is imminent.

A special Dispatch from Johannesburg says it is understood that the charges against Mr. Pakeman, editor of the Transvaal Leader, who was arrested Saturday, will be reduced from sedition to contravention of the press laws.

DEAD IN THE WOODS.

Remains of a Cincinnati Man Found Near St. Louis—Dog Had Torn the Flesh From the Face.

LOUIS, Sept. 4.—The body of a man supposed to be L. L. Applegate of Cincinnati, was found in the woods near Blandon, St. Louis county, Sunday. He was badly decomposed and was identified through papers found in the pocket for the past week. A half empties bottle of morphine seemed to indicate that Applegate had committed suicide.

The deceased, who had been at work with a local typewriter company, had a mother in Cincinnati. The body was identified through papers found in the clothing.

Dogs had torn the flesh from the face of the dead man until it was unrecognizable. Both arms had also been torn from the body and lay several feet away.

SHORT OF RATIONS.

Filipinos Trying Every Scheme to Get Food and Ammunition From Manila.

ARE USING HOMEMADE BLACK POWDER.

A Force of Native Police Has Begun to Patrol Manila, Co-operating With the Provost Guard.

They Are Doing Excellent Service in Running Down the Native Criminals—the Manila Regiment Sailed for Home Sunday.

MANILA, Sept. 4.—Many Spanish prisoners are escaping from the Filipinos and bringing into the American lines stories of hard treatment. They agree that the Filipinos are exceedingly short of rations, and that a large section of their troops is reduced to the use of homemade black powder. The natives are trying every scheme to get food and munitions from Manila. Daily arrangements are being made to transport a contraband of war through the American lines. In one case a cargo of bamboo poles was overhauled, and the poles were found full of rice.

The insurgents have a wholesome respect for the British, on account of several threats of British war to bombard their towns unless the rights of British subjects are respected. Two hundred British subjects are held captive by the rebels.

Nero, Nero, were driven by stress of weather into the harbor of Dagupan, the northern terminus of the Dagupan railway.

The crews were imprisoned, but on their protests that they were British subjects the insurgents permitted one named Edwards to come to Manila, promising to release the crew of the Laoson if Edwards secured from the British consul at Manila a statement guaranteeing the safety of the crew.

A similar condition was made to the crew of the Nero.

Edwards says he saw several American prisoners who were better fed than the Spaniards or the Filipino soldiers. Moreover they were not compelled to work as the Spanish prisoners were.

A force of native police has begun to patrol the city of Manila co-operating with the provost guards whose lack of knowledge of native criminals has given the rebels opportunity for burglary, robbery and other crimes.

The new force includes many members of the old force and some insurgents who have grown tired of fighting.

It has already done good work in running down native criminals.

The American secret service recently found a Filipino spy in Calambang, who was sent to Manila to obtain information concerning four guns belonging to the Washington regiment.

He offered desperate resistance to the soldier who was sent to capture him and tried to run away with revolver shots in his head. Finally he was brought down with a rifle bullet in the hip. He died after jumping from the stretcher and trying to run.

General Bates, it is expected, will establish posts at Zambales, Batangas, San Fernando, Iloilo and Baganga.

LATE Sunday afternoon the Kansas regiment embarked in big barges in the river and were towed to the United States transport Tarant, the regimental flag flying and the men cheering and singing. The Tarant sailed for Sunday evening.

A DISASTROUS FIRE.

Thirty-two Frame Buildings With Their Contents Destroyed at Pinckney, Mich.—Loss—About \$75,000.

BAY CITY, Mich., Sept. 4.—A pinewood frame building, 20 miles north of Bay City, was visited by a disastrous fire Sunday afternoon. Thirty-two frame buildings, including the Michigan Central passenger station, MacCabe hall, 13 business houses and 35 dwellings were totally destroyed with their contents. The heat was so intense and wind prevailed and the fire spread so rapidly that the people were unable to cope with the flames. The fire stopped when it had burned itself out. The loss is roughly estimated at \$75,000, with small insurance.

POZIA, DELAGUA, Azores Islands, Sept. 4.—A violent cyclone is raging here, doing much damage to shipping and to property all over the island of San Miguel. Several lives have been lost.

The Receipts of Gold at Boise.

BOISE, Idaho, Sept. 4.—The receipts of gold at the United States assay office for the month of August were \$1,000,000, which is more than for any other month in the history of the office, the total being \$4,500,000. For the first eight months of the year the receipts were \$1,150,885 against \$833,706 for the corresponding period of last year.

One American Killed and One Wounded.

MALIBU, Sept. 4.—Five men of Col. Bell's regiment Sunday encountered a rebel outpost at Poole, and in the fighting which ensued one American was killed and one other wounded.

The remainder drove the rebels from their position and captured a bull cart in which to remove the injured.

THE DISEASE QUITE MILD.

Excitement at Key West Over the Outbreak of Yellow Fever Subsiding—Thirty Cases Up to Date.

KAY WEST, Fla., Sept. 4.—Much of the excitement which so naturally followed the announcement that yellow fever had broken out here has subsided, due largely to the fact that the type of the disease seems to be quite mild, and the announcement Sunday that an epidemic had been declared, did not add greatly to the alarm. Every precaution is being taken to confine the disease to Key West. Two bugs have been captured and are being held in a jar and no vessel is allowed to leave port without the proper certificates.

Dr. Porter, the health officer, arrived on the Mascotte Sunday and is busy ascertaining the situation. Bakers' Bread.

The bakers' bread of

today is not the bakers' bread of twenty years ago.

Science and study

has developed this food

product more than any

other manufactured arti-

cle of consumption. The

F. H. Traxel Company of

this city is now the lead-

ing bread bakers of this

section, simply because

they have given study

and close attention for

years to making Bread

that will please the pub-

lic. Even now there is

an impression that pre-

vails among the few that

bakers' bread is unwhole-

some and unfit for family

use. We will admit that

there are many bakers

who make their bread

the same as their fore-

fathers did years ago, and

hence this impression is

justifiable to those who

never had an opportunity

to get Bread made by

bakers who thoroughly

understand how to make

Bread that will be praised

for its merits. The F. H.

Traxel Co. has done its

share to supply this sec-

tion, enabling people

to get Bread that will

meet with every require-

ment. We make the as-

sertion that this Bread

will meet with every re-

quirement because we

have evidence of it, and

the evidence is the in-

creasing demand wher-

ever sold.
